

Product Change Notice

Notice: 110727A

Date: 27 JUL 2011

To Our Valued Customers:

We appreciate your use of V.I Chip products. Our commitment to customer satisfaction is demonstrated by our notification to you of a product change.

Description:

Following a review of our derating guidelines to improve manufacturability, the following parameters have been adjusted;

| Specification | Old Value | New Value |
|-----------------------------|-----------|-----------|
| Input Over Voltage turn on | 55.5 Vdc | 55 Vdc |
| Input Over Voltage turn off | 59.5 Vdc | 60 Vdc |

Products Affected / Schedule:

| | |
|-------------|--------------|
| B048F060T24 | V048F060T040 |
| B048F060M24 | V048F060M040 |
| B048T060T24 | V048T060T040 |
| B048T060M24 | V048T060M040 |
| B048F080T24 | V048F080T030 |
| B048F080M24 | V048F080M030 |
| B048T080T24 | V048T080T030 |
| B048T080M24 | V048T080M030 |
| B048F096T24 | V048F096T025 |
| B048F096M24 | V048F096M025 |
| B048T096T24 | V048T096T025 |
| B048T096M24 | V048T096M025 |
| B048F160T24 | V048F160T015 |
| B048F160M24 | V048F160M015 |
| B048T160T24 | V048T160T015 |
| B048T160M24 | V048T160M015 |
| B048F240T30 | V048F240T012 |
| B048F240M30 | V048F240M012 |
| B048T240T30 | V048T240T012 |
| B048T240M30 | V048T240M012 |
| B048F320T30 | V048F320T009 |
| B048F320M30 | V048F320M009 |
| B048T320T30 | V048T320T009 |
| B048T320M30 | V048T320M009 |
| B048F480T30 | V048F480T006 |
| B048F480M30 | V048F480M006 |
| B048T480T30 | V048T480T006 |
| B048T480M30 | V048T480M006 |

The change is immediately.

Action Required:

Reevaluate designs to ensure that the change in over voltage will not affect your circuit.
